# AURORA BOREALIS SERIES

INCLUDING  
NEW  
EXCLUSIVE

13  
COLORS

CBOP05

Aurora Borealis refers to a thin metallic coating sprayed onto crystals, creating a beautiful iridescent sheen. If you come across a bead with AB listed after the color, it simply means the piece is extra sparkly and iridescent.

# Body Piercings

We offer high-quality, affordable body jewelry made from stainless steel and titanium. Stainless steel jewelry is crafted from surgical-grade stainless steel, making it suitable for initial piercings and available in a wide variety of styles.

Titanium is one of the best metals used for body piercing jewelry due to its exceptional resistance to body fluids. It is 100% compatible with the human body and does not cause allergies, skin irritation, or discoloration, making it an ideal choice for sensitive skin.

# DISPOSABLE PIERCING UNIT

## CBOB62 - Disposable Nose Piercing Kit Features:

- Sterilized
- Hypoallergenic
- Manufactured from surgical stainless steel
- High-quality
- Single-use only
- Easy to use

## Care Instructions:

- You should cleanse the piercing thoroughly twice a day.
- Avoid contacting the nose lobe with hands, collars, water, or make-up within the first 24 hours.
- Rotate the nose stud every day.
- Keep the C-bo medical stud on the nose for at least one week.

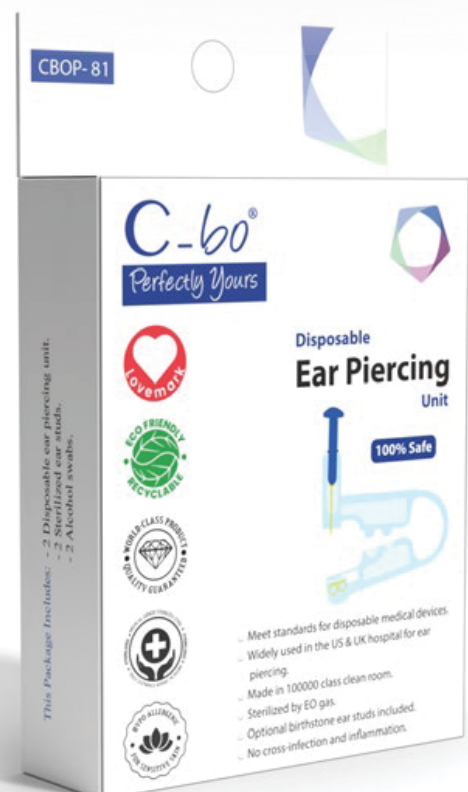

## CBOP81 - Disposable Ear Piercing Unit Features:

- Sterilized
- Hypoallergenic
- Manufactured from surgical stainless steel
- High-quality
- Single-use only
- Easy to use

## Care Instructions:

- Clean the earlobe regularly without removing the piercing stud.
- Rotate the piercing stud three times a day.
- After washing, shampooing, or applying make-up, make sure that the earlobe is clean.
- Once your ear is pierced, you should not remove the piercing stud from the earlobe for four weeks.
